

# Computing Technology Waves of Development

# Technology growth follows an 'S-curve'

# Development of personal computers

Capability

Ivan Sutherland  
Sketchpad  
1963

Doug Engelbart's  
NLS Demo  
1968

Xerox Alto  
1973

Apple 1  
1976

Mac 128K  
1984

MacBook Pro  
2023

Time

# Development of hypertext systems

Capability

Vannevar Bush's  
Memex  
1945

Ted Nelson,  
Xanadu  
1965

JCR Licklider, Bob Taylor,  
ARPANET  
1966

Bob Metcalfe,  
Ethernet  
1973

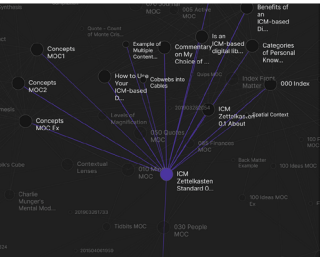

Bill Atkinson,  
Apple HyperCard  
1987

Tim Berners-Lee  
World-wide Web  
1993

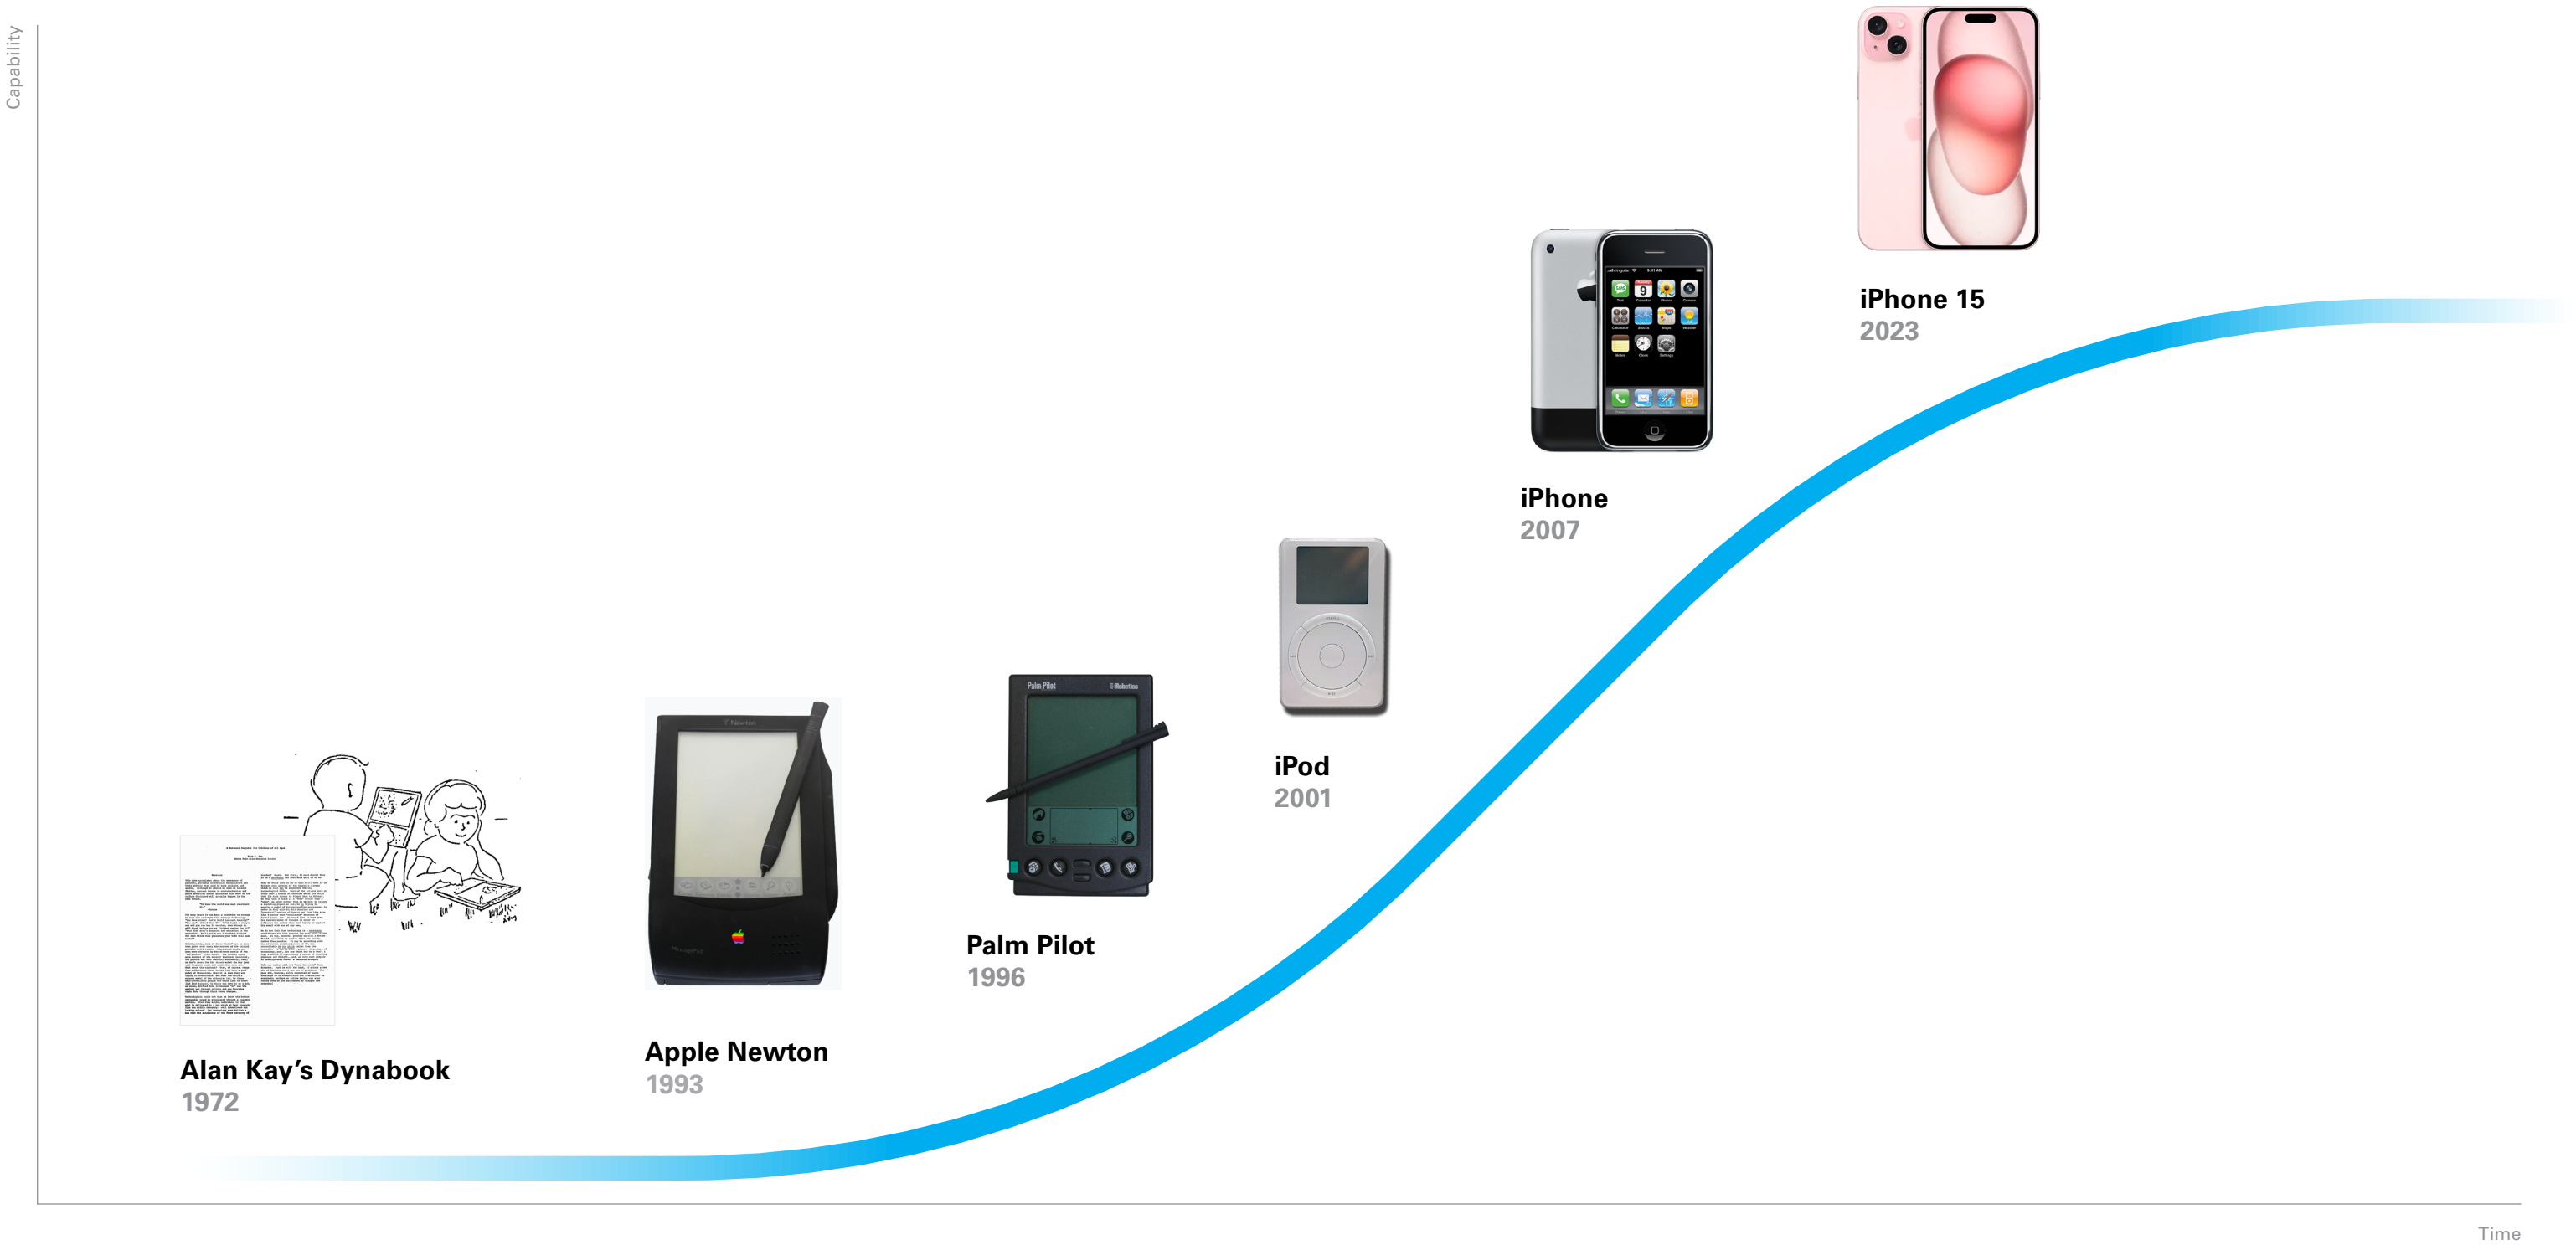

Larry Page, Sergey Brin,  
Google Search  
1998

Shida Li and Erica Xu,  
Obsidian  
2020

Time

# Development of mobile devices

# Development of smart watches

Capability

**Dick Tracy's  
Wrist Radio Comic**  
1946

**Seiko's Ruputer**  
1998

**Fitbit Tracker**  
2009

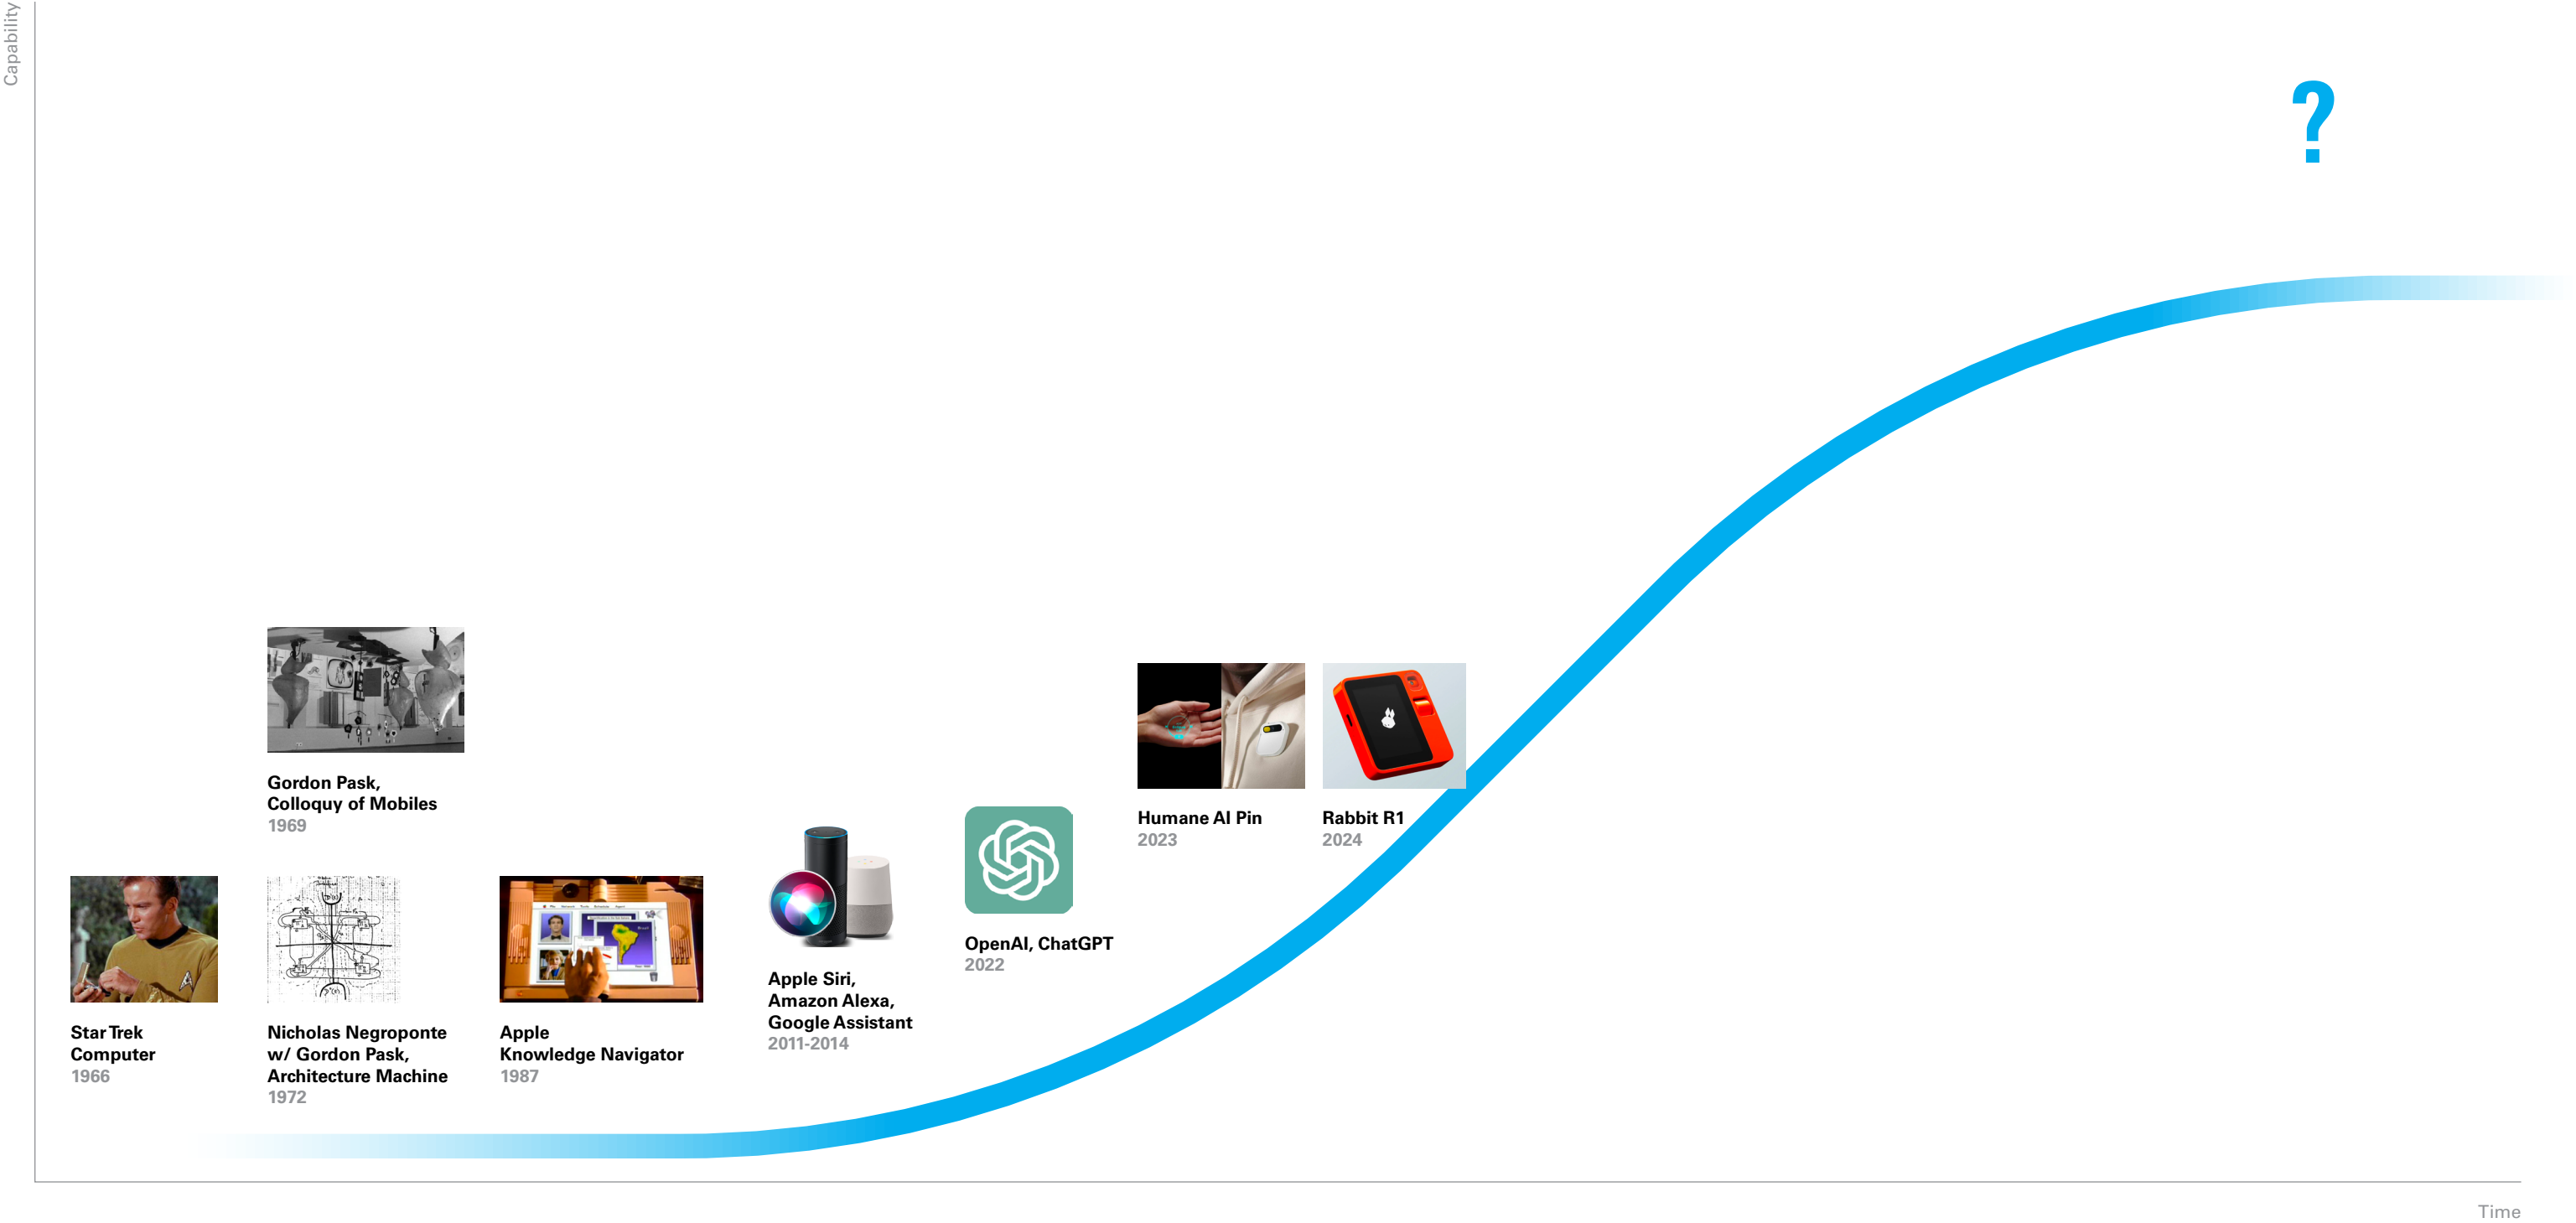

**Apple Watch**  
2015

**Apple Watch Series 9**  
2023

Time

# Development of intelligent agents

# Development of virtual reality / augmented reality

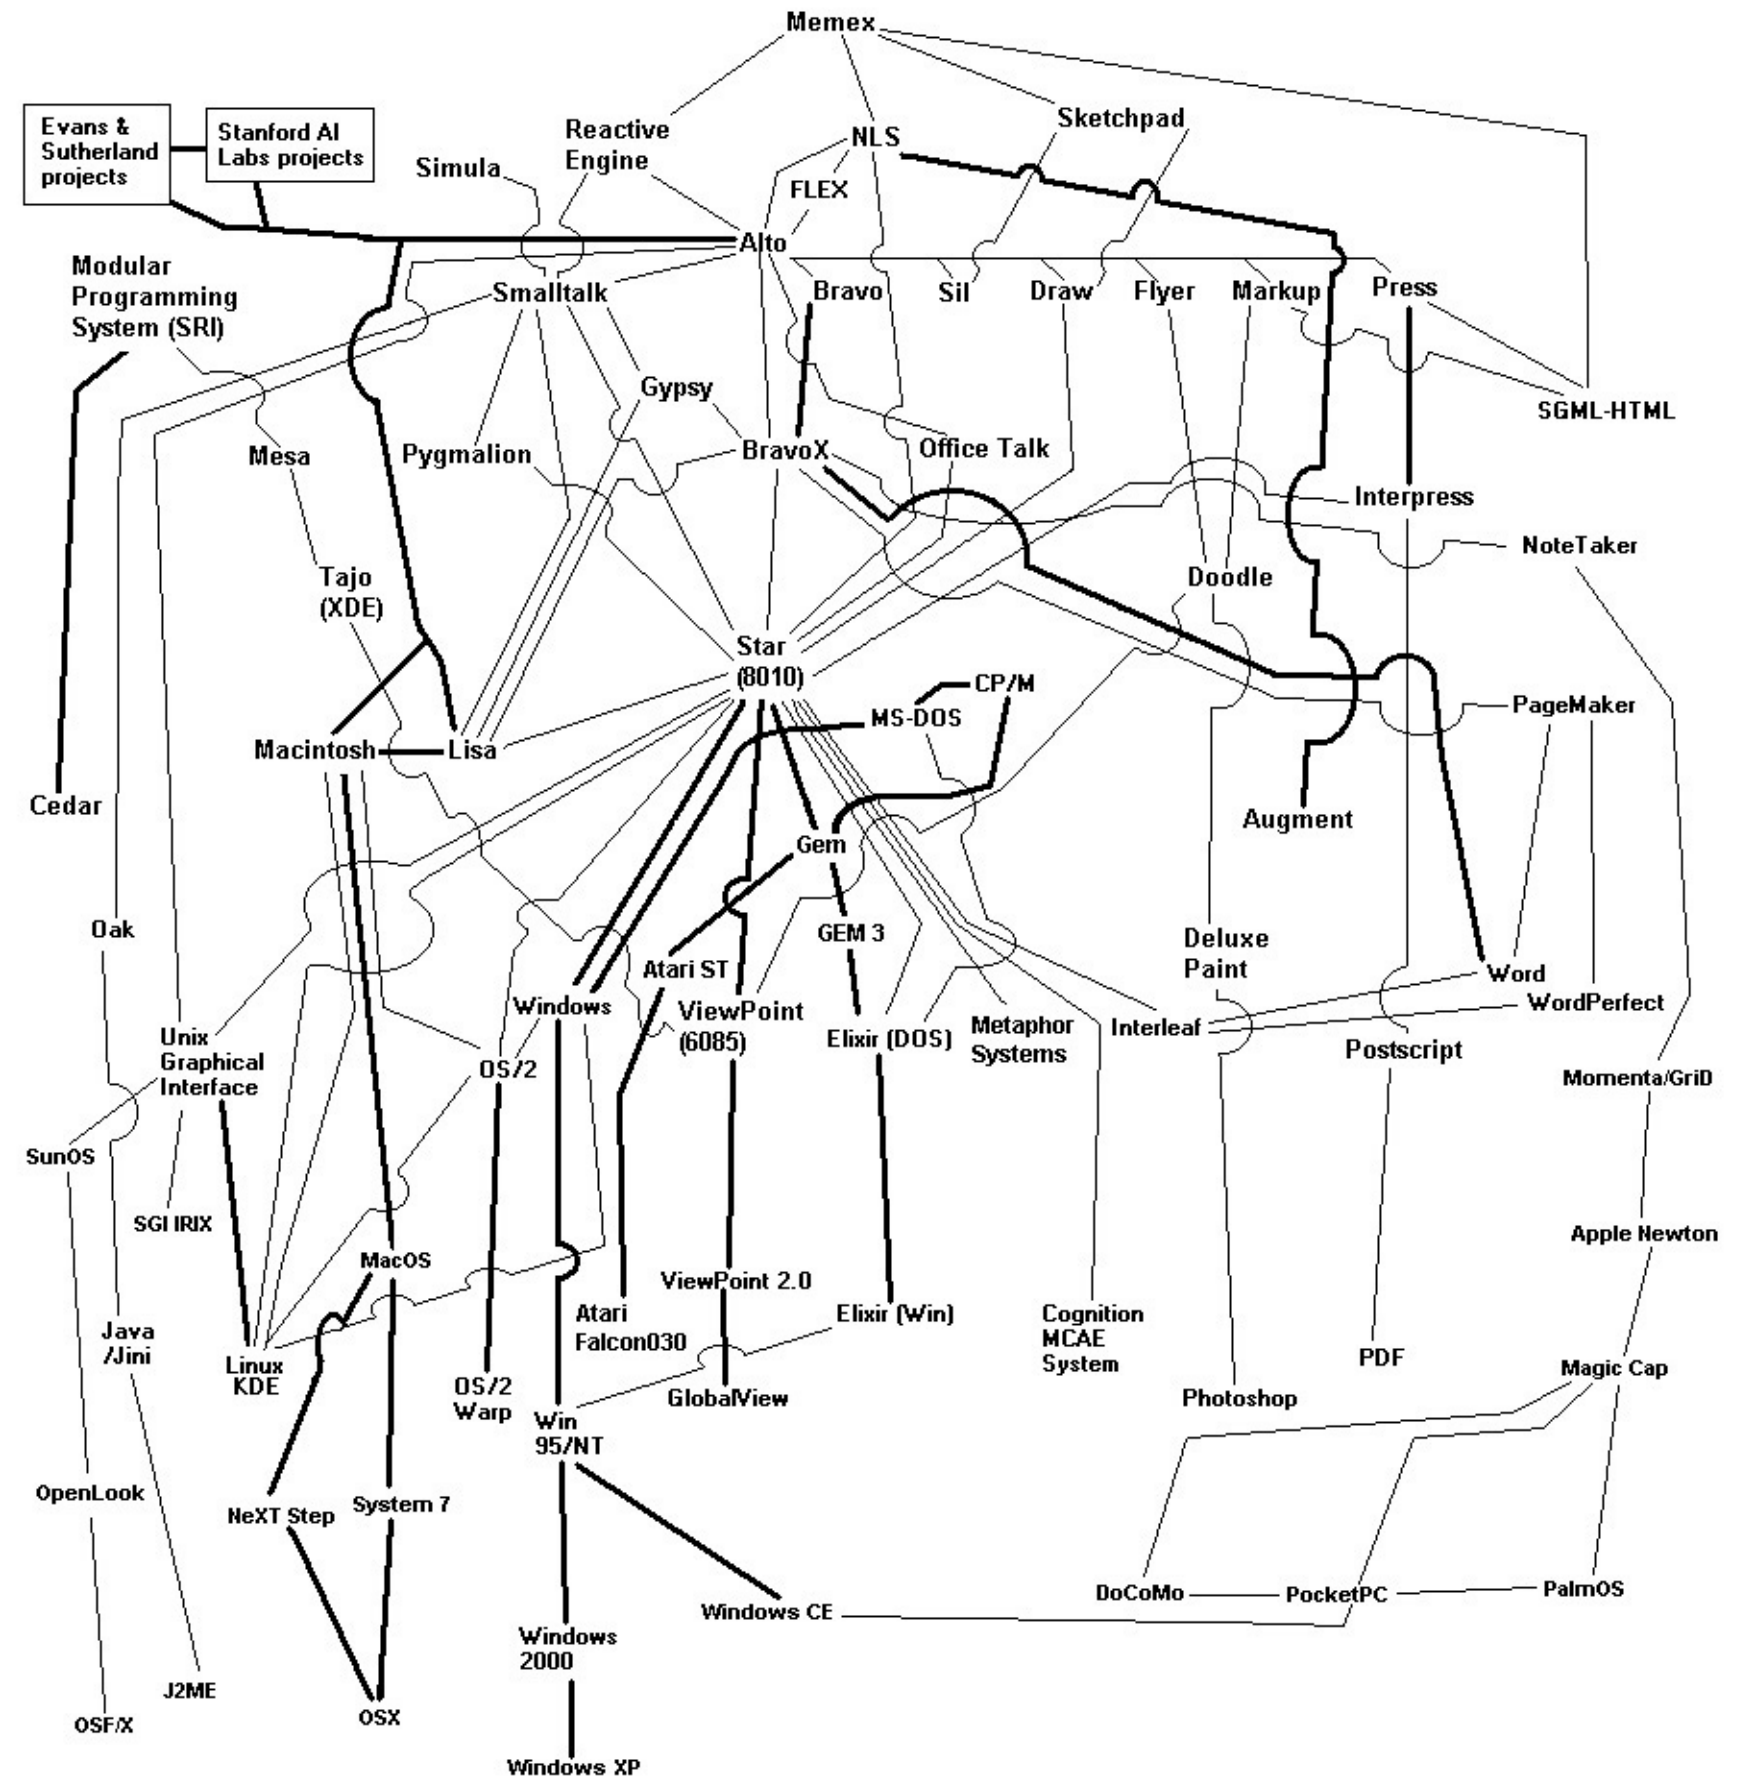

---

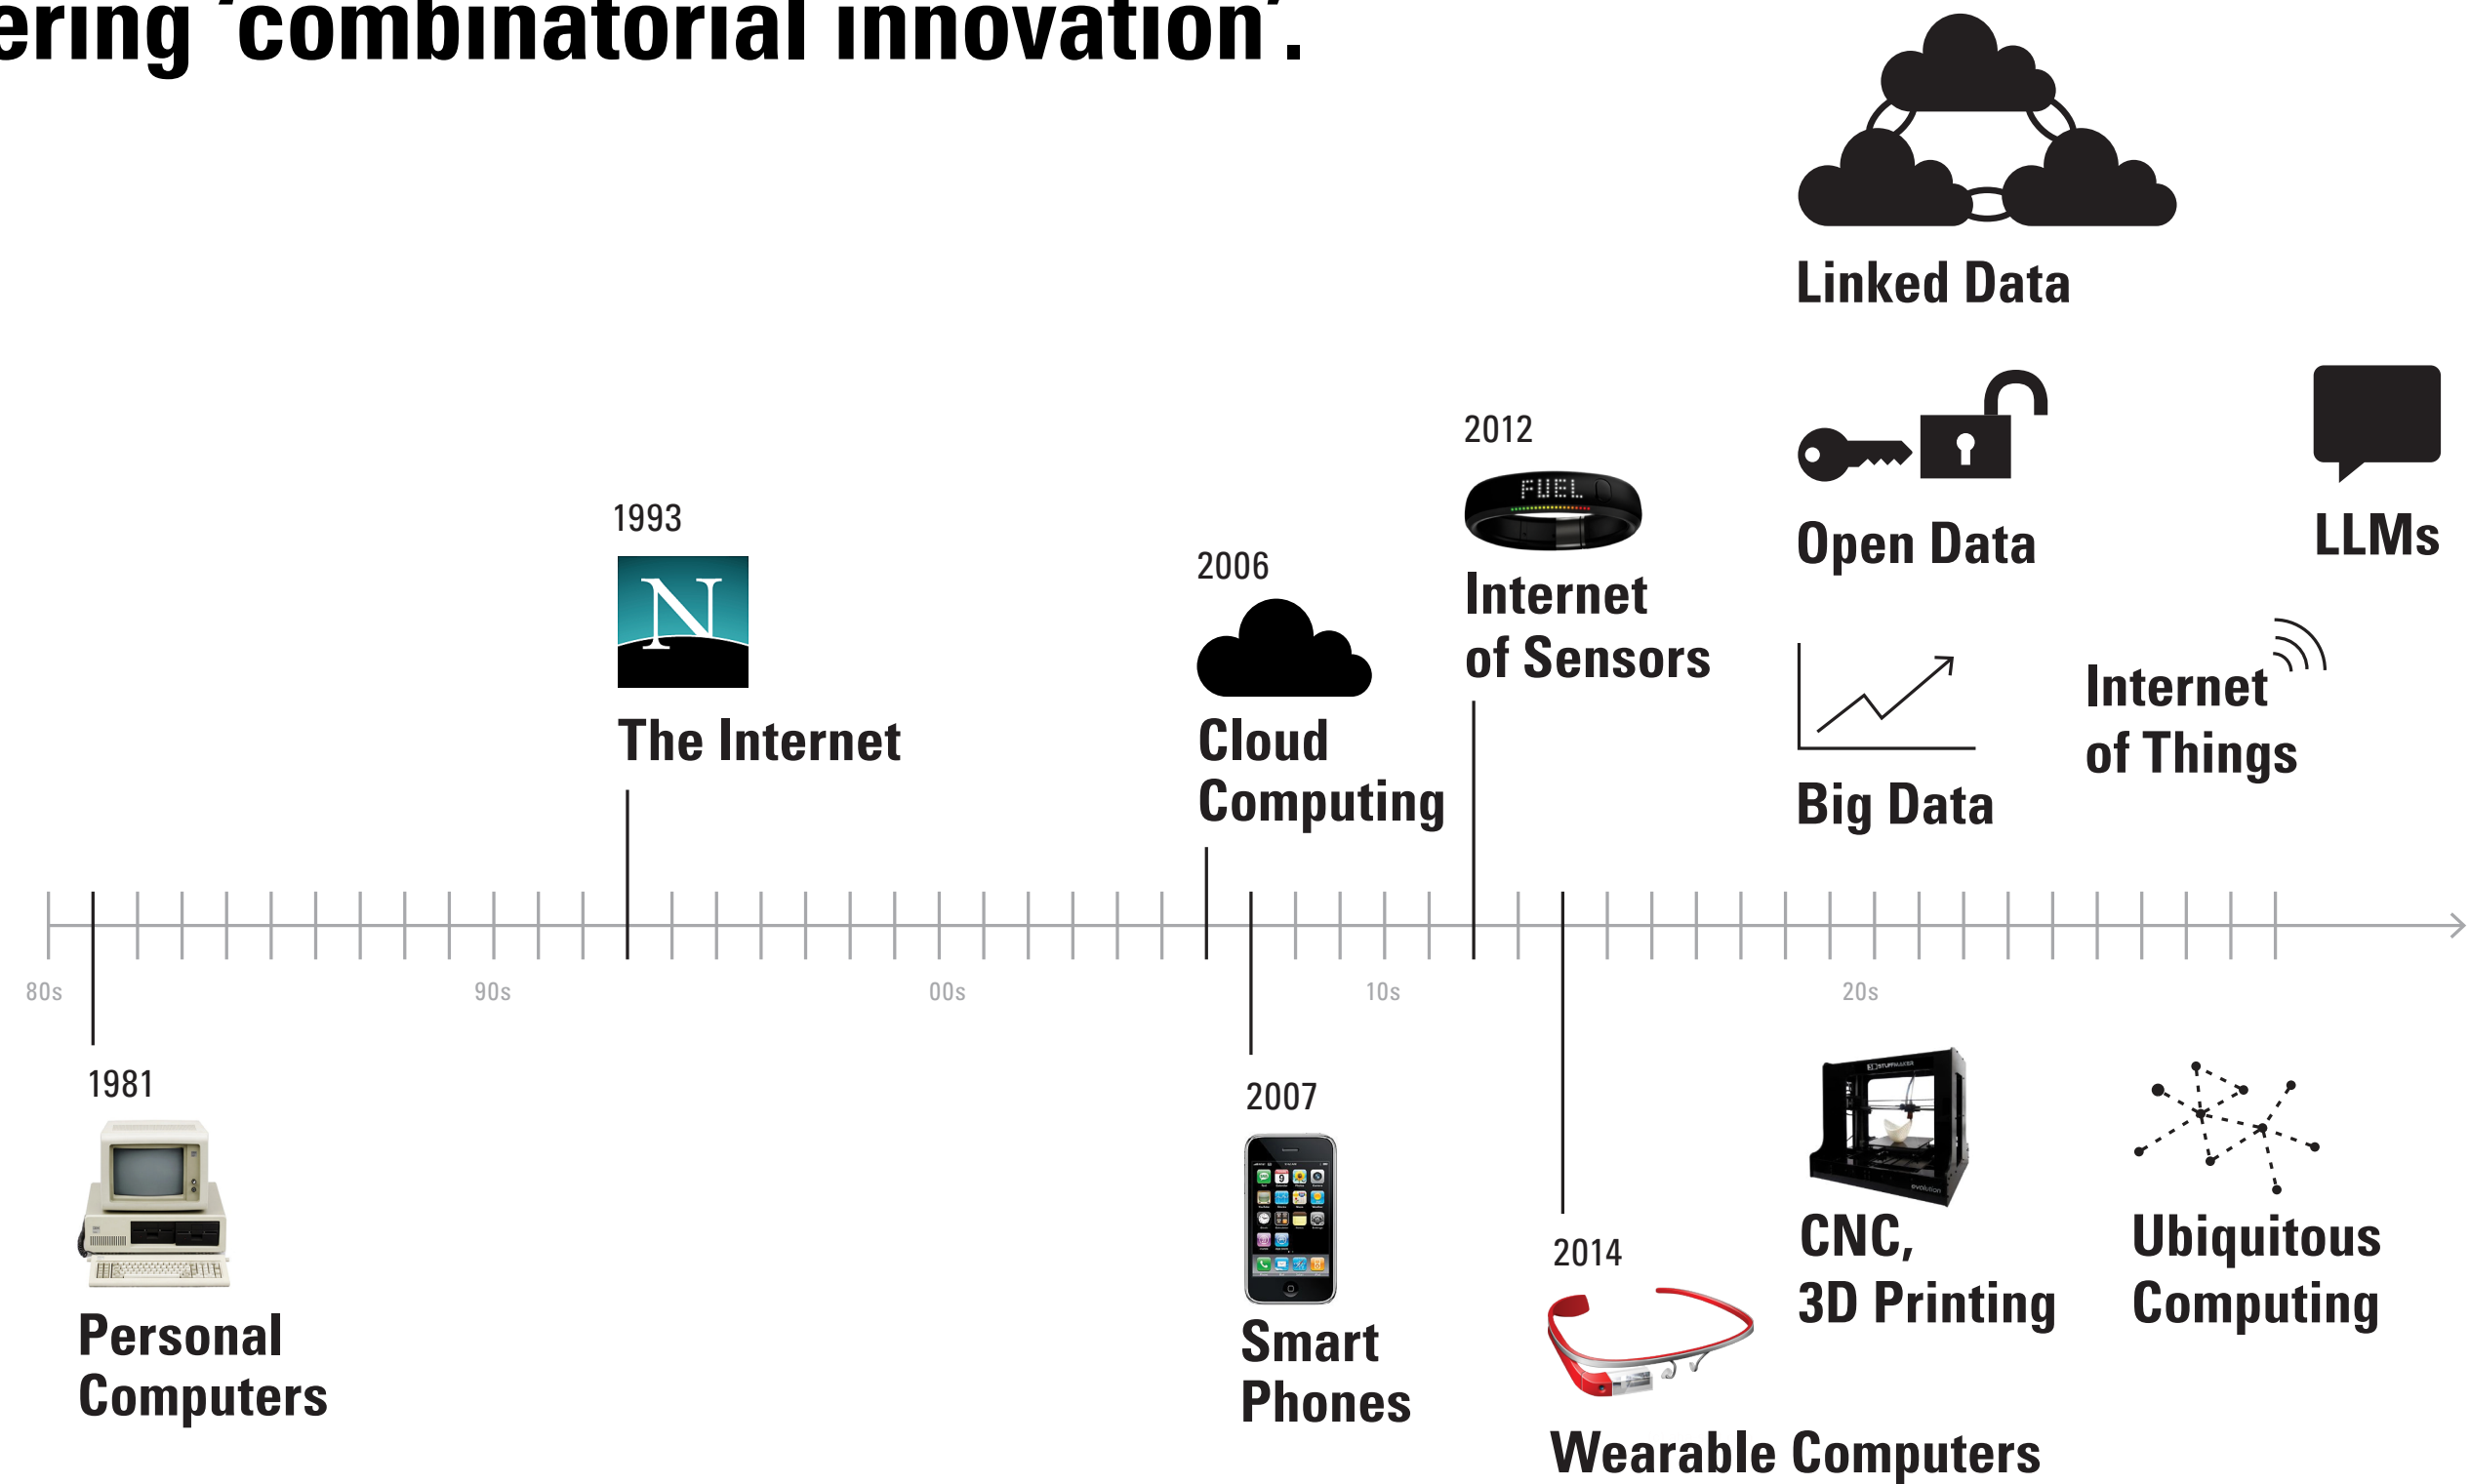

# Appendix

# History as a network

Source:  
<https://ohiostate.pressbooks.pub/graphicshistory/chapter/16-1-xerox-parc/>

# Waves of development interact with each other, fostering 'combinatorial innovation'.

**Special thanks to**  
**Ryan Reposar**  
**Gavin Miller**
